**PETITION FOR FILING OF PATENT APPLICATION BY OTHER THAN
ALL OF THE INVENTORS UNDER 37 CFR 1.47(a)**

MS: Petitions
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Applicant hereby petitions the Commissioner to accept the filing of the above-identified U.S. Patent application with declarations signed by other than all of the inventors. A Declaration of J. Pat Heptig is submitted herewith in support of this petition. As shown below, Archibald S. Miller III, one of the named co-inventors for the above-identified patent application, was presented with a copy of the application papers for U.S. Patent Application Serial No. 10/699,208, and has refused join in the application with the other named inventor, Leonard Stevens.

I. Background

On March 7, 2002, Archibald S. Miller III ("Dr. Miller") filed U.S. Patent Application Serial No. 10/095,324 for a "Method and Apparatus for Closing a Severed Sternum." On May 1, 2003, the U.S. Patent & Trademark Office published U.S. Patent Application Serial No. 10/095,324 as Publication Number US 2003/0083694 A1. See Declaration of J. Pat Heptig at ¶ 3 (hereafter the "Heptig Decl.").

DALLAS2 1012459V1 64104-00002

Shortly thereafter, in August 2003, Leonard Stevens gave written notice to Dr. Miller of his claim of co-inventorship in the inventions disclosed and claimed in patent application Serial No. 10/095,324. In September 2003, Joseph Ferretti, of the law firm Crowe & Dunlevy in Oklahoma City, responded to Mr. Stevens' co-inventorship claims on behalf of Dr. Miller. Heptig Decl. ¶¶ 4-5.

On October 29, 2003, counsel for Mr. Stevens sent a copy of the U.S. patent application later designated application Serial No. 10/699,208, along with a Declaration and Power of Attorney, to Dr. Miller's patent counsel via facsimile and Federal Express Priority Overnight. *Id.* at ¶ 6 (see also Exhibit 1 thereto). Dr. Miller's counsel was requested to forward the application and accompanying documents to Dr. Miller for review and signature. *Id.*

On October 30, 2003, Mr. Stevens' patent counsel received a telephone call from David Sullivan, who stated that he was an attorney at the law firm of Crowe & Dunlevy. Mr. Sullivan stated, among other things, that he had received the fax and would forward the patent application to Dr. Miller. *Id.* at ¶ 8. U.S. Patent Application Serial No. 10/699,208 is substantially similar to the patent application Serial No. 10/095,324 previously filed by Dr. Miller on March 7, 2002. *Id.* at ¶ 7. As a result, Dr. Miller's requested review of application Serial No. 10/699,208 should have been quick and easy.

On October 31, 2003, Mr. Stevens' patent counsel received a fax letter from Jimmy Goodman, who stated therein that he is one of the attorneys at the firm of Crowe & Dunlevy, representing Dr. Miller. In the letter, Mr. Goodman indicated that Dr. Miller would oppose and challenge the filing of the patent application, thus indicating his refusal to join in the application with Mr. Stevens. *Id.* at ¶ 9. Since that date, Dr. Miller has not communicated with Mr. Stevens or his counsel. *Id.* at ¶ 11.

Patent Application Serial No. 10/699,208 was filed on October 31, 2003 in the U.S. Patent & Trademark Office. A Declaration and Power Of Attorney signed by Leonard Stevens and not signed by Archibald S. Miller, III was filed therewith. A return postcard was received from the U.S. Patent & Trademark Office indicating that the patent application was received and assigned U.S. Patent Application Serial No. 10/699,208. *Id.* at ¶ 10.

As established above, Dr. Miller was presented with a copy of the application papers and refused to sign the Declaration and Power Of Attorney or otherwise join in the application with Mr. Stevens. Accordingly, relief under 37 CFR §1.47(a) is respectfully requested.

The fee set forth in 37 CFR §1.17(h) is enclosed herewith. Please debit any underpayment or credit any overpayment to Deposit Account No. 10-0447. Should any additional fees be required, the Commissioner is hereby authorized to obtain such fees from Deposit Account No. 10-0447. A duplicate copy of this document is attached hereto.

The last known address of Dr. Miller is 6585 South Yale, Suite 315, Tulsa, Oklahoma 74136, USA.

Respectfully submitted,

By

Re: Archibald S. Miller III Invention

Dear Mr. Heptig:

This is in response to your facsimile letter to Mr. Ferretti dated, and faxed after regular business hours on, October 29, 2003. Due to its late transmission on the 29th, the letter was not seen by Mr. Ferretti until the morning of October 30.

Mr. Ferretti was and is busy on other pressing business matters and was not able to review and respond to your demand for immediate return mail compliance. Mr. David Sullivan of our office responded in his place, advising you of his unfamiliarity with the matter, but inquiring as to the perceived time deadline which would justify your ultimatum for an immediate response in light of Mr. Ferretti's unavailability. You stated there was a deadline of November 1 for filing the proposed joint patent application, based on a "disclosure." It is unclear why a continuation application based on a parent application filed March 7, 2002 would have a "disclosure" deadline of November 1, 2003. Nonetheless, you would not agree to extend your apparently self-imposed ultimatum for a firm response by 3:00 p.m. on October 31, 2003, so that Mr. Ferretti could adequately and fairly review and respond.

We are still investigating the claims made by Mr. Stevens. While that investigation is ongoing and still incomplete, to date we find no justification for his claims of co-inventorship. Indeed, there appears to be some compelling evidence that many of the "ideas" he purports to have generated are documented in the records of Dr. Miller months and years prior to Mr. Stevens being hired (and paid) to perform his ministerial preparation of drawings and prototypes. A simple reading of the proposed joint application you prepared makes it clear that Mr. Stevens has neither the practical experience nor the

Please advise Mr. Stevens that the filing of this application will be opposed and challenged, and that he will be held responsible for all losses incurred by Dr. Miller and his affiliates as a result of Mr. Stevens' illegitimate claims. He should proceed accordingly.
